We have been around since 1999, when 3 kiwi mates had the idea of making 'honest' juice without using any concentrates. Since then, we've been on a Refreshingly Honest mission to make great-tasting drinks from just the good stuff

From just honest juices, over the years, the Charlie's family has grown to include other neat wee drinks like our old-fashioned quenchers and a range of kids' juice drinks for the cheeky little Charlies and even Honest Fizz range.
