

A woman with long brown hair, wearing a strapless gold sequined dress, is lying on a bed with a tufted headboard. She is surrounded by a large, dense arrangement of white and pink flowers, including roses and dahlias. The background wall is also covered in a pattern of large, dark flowers. The overall mood is romantic and luxurious.

THE MOST BEAUTIFUL  
SLEEP EVER MADE™

## THE MOST BEAUTIFUL SLEEP EVER MADE™

There is nothing more beautiful than a luxurious night's sleep. With Sleepyhead Sanctuary®'s unique Sensorzone® technology and luxury materials, a beautiful night's sleep is exactly what you'll get.

You're completely surrounded by luxury, and that's because our Sleepyhead Sanctuary® mattresses are only made with the highest quality materials, ensuring total comfort and a beautiful night's sleep.

Every Sleepyhead Sanctuary model is designed with your guest's comfort in mind by including SlumberGuard fabric treatment which provides antibacterial and fire retardant properties.

## SENSORZONE® – THE NO COMPROMISE SUPPORT

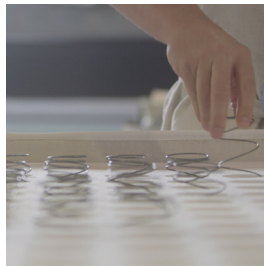

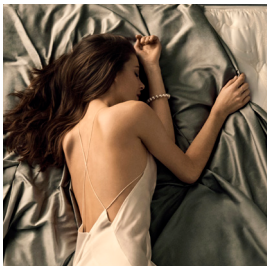

The heart of the Sleepyhead Sanctuary® mattress is the patented Sensorzone® support system. Sensorzone® is our most advanced support system, designed so consumers don't compromise on what they want from a mattress.

**Support** – the only support system where spring and foam both provide positive resistance to help align the spine.

**Durability** – foam and springs protect each other, increasing the lifetime of support regardless of the sleeper's height, weight or activity.

**Comfort** – the spring and foam combination gives a feeling of comfort like no other mattress.

**Partner Disturbance** – each spring is individually encased in foam, isolating partner movement.

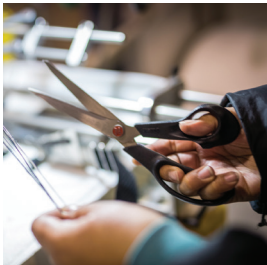

## CRAFTSMANSHIP

We believe craftsmanship is the single most important element in designing and creating a perfect night's sleep. That's why each Sleepyhead Sanctuary® is a piece of fine workmanship.

- Over 80 years of experience goes into the design of each element in the bed to ensure the best nights' sleep.
- We are the only New Zealand manufacturer to produce both our own springs and foam, to meet our highest standard.
- Our mattress makers build up each layer by hand to ensure nothing short of perfection.
- Proudly New Zealand Made.
